We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirement that are relevant to our audit of financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report, Business Responsibility Report, but does not include the financial statements and our auditor's report thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

GANGOTRI DEVELOPERS PRIVATE LIMITED
NOTES TO FINANCIAL STATEMENT AS ON 31/03/2023

1 General Information

Gangotri Developers Private Limited (the Company) is a private limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is engaged in the business of Trading of Petrol Diesel & Lubricant Oil.

2 Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) in India under the historical cost convention on accrual basis of accounting. Pursuant to section 133 of Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by the Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under section 211(3C) [Companies(Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current and non current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current - non current classification of assets and liabilities.

2.2 Property, Plant & Equipment

Tangible assets are stated at acquisition cost, net of accumulated depreciation. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

2.3 Depreciation

The Company provides depreciation on WDV basis. Depreciation was provided on a pro rata basis on the WDV method over the estimated useful lives of the assets as per the provisions of Companies Act, 1956. During the current year to conform to the requirements of the schedule II of Companies Act, 2013, the Company has recalculated the useful life of the assets as on 1st April 2014. The company has taken the residual value of the assets equal to the maximum of 5% allowed as per the schedule II for all the assets. Accordingly the depreciation for the current year has been calculated for the assets whose useful life have not expired. For those assets for which the remaining useful life is nil as on 1st April 2014, the carrying amount of the asset after retaining the residual value has been transferred to the Statement of Profit and Loss.

2.4 Impairment of Assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

2.5 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long term investments are carried at cost. However, provision of diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

2.6 Inventories

Inventories are stated at lower of cost and net realisable value. Cost is determined using the first in, first out (FIFO) method.

2.7 Revenue Recognition

The revenue is measured as the sale value of various products in which company is trading and are recognised net of VAT.

2.8 Other Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Rent income is recognised when the right to receive the payment is established.

2.9 Current and Deferred Tax

Tax expense for the period, comprising of current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of Income Tax Act, 1961. Deferred tax is recognised on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

2.10 Provisions & Contingent Liabilities

Provisions are recognised when there is a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Contingent Liabilities are disclosed when there is possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.11 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

2.12 Earnings Per Share

Earnings considered in ascertaining in the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.
